

about ARRK R&D's Recruitment Consultancy //

Over the past 15 years ARRK R&D's award winning Recruitment and Consultancy division has earned a well-deserved reputation for its experience and knowledge of the technical and commercial recruitment marketplace. Fundamental to this success is the close link with our UK engineering business, which elevates our position as technical recruitment specialists.

Working as part of the ARRK Global Network, our consultants are also able to offer candidates many exciting in-house opportunities, nationally and internationally.

This unrivalled experience combined with our commitment to deliver a professional and personal recruitment service is the reason why our consultants are ideally placed to screen and select the best candidates for our clients, and find the most exciting career opportunities for job seekers.

our Customers

As a result of our strong engineering heritage, clients ranging from global multi-national to SMEs trust us to source a wide range of skill sets for permanent, contract and temporary vacancies.

This proven experience and global reach enables us to work across a wide range of industry sectors, including Automotive, Aerospace, Construction, Telecoms, Oil & Gas and Power Generation.

our People

Our REC qualified recruitment teams have an in-depth understanding of a client's requirements for Technical, Commercial and Administration vacancies and can resource projects of any size or complexity. Our most typical roles include:

- Programme Managers
- Project Engineers and Managers
- Automotive Designers
- Manufacturing and Process Engineers
- Design Engineers
- CAE Analysts
- Clay Modellers
- Electrical Engineers
- CAD Engineers
- Test Engineers
- Quality Engineers,
- Powertrain Engineers
- Field Support Specialists
- Technical Administrators and Admin Assistants
- Commodity Buyers

Over the years, our recruitment teams have managed a variety of challenges, from sourcing Emergency Managers for China, Engineers for India and Analysts for Japan. Our recruiters thrive on these challenges, and our clients appreciate our experience in moving people around the world. Arranging Visas, accommodation, travel and insurance all form part of the package of supplying the right people in the right place at the right time.

our Services

With offices strategically positioned in Coventry and Basildon, we can support and manage all of our clients' requirements at a local level. We provide a full range of added value services from sourcing and selecting candidates utilising our extensive database, to the management of vendor agreements and HR and payroll services.

Being an integral part of ARRK R&D's engineering company, we are also uniquely positioned to have access to a talented group of people who are able to support our clients on short term assignments, as well as assist in the selection process for highly skilled requirements.
